

Social Impact Measurement and Management Training Online

AGENDA PRE-VIEW¹

This training is based on the 5 steps approach developed by EVPA and the 7 principles of Social Value International and guides participants through the major steps to better understand and learn to apply these steps in their daily work.

Prior to the live sessions, EVPA's e-learning platform offers a **Propaedeutic Module** to be completed by participants at their own pace. It offers a solid introduction into the topic and ensures all participants are starting from the same page in order to follow the live sessions.

Module 1 and Module 2 focus on interactive *knowledge transfer* to build capacities. **Module 3** gives participants exclusive insights into *global developments* of the sector by international experts. **Module 4** offers a *deep-dive into best practices* by EVPA member organisations and offers participants to enter a discussion on the "how to" and to challenge existing practices.

<p>Propaedeutic Module EVPA's e-learning platform</p>	<p>Readings, videos and other materials introduce participants to the concept of Impact Measurement and Management. Completing this module ensures successful participation during the live session.</p>
<p>Informal Network Table Live session, 22 Feb 2021</p>	<p><i>This one hour informal sessions is voluntary but strongly encouraged to bring participants together to introduce themselves and interact with each other. It aims at breaking the (Zoom) ice in order to facilitate networking and cooperation during the live sessions.</i></p>
<p>Module 1 Live session, 23 Feb 2021</p>	<p>How to set-up an impact measurement and management system at the social purpose organisation (SPO) level – from setting objectives to analysing stakeholders.</p>
<p>Module 2 Live session, 25 Feb 2021</p>	<p>How to set-up an impact measurement and management system at the social purpose organisation (SPO) level – from defining outcomes chains and indicators to valuation and reporting.</p>
<p>Module 3 Live session, 2 Mar 2021</p>	<p>Global trends on the impact measurement and management landscape.</p>
<p>Module 4 Live session, 4 Mar 2021</p>	<p>The practical experience of two EVPA members: best practices in IMM from the funders' perspective.</p>

¹ Please note that this agenda is subject to change. Participants receive a final, detailed agenda after approval of registration.
