

Fundamental Online Training on Venture Philanthropy and Impact Investing

AGENDA PRE-VIEW¹

This course is specifically designed to offer participants the fundamental toolkit to practice venture philanthropy and impact investing. Participants will:

- learn the basic concepts and practical tools of venture philanthropy and impact investing
- acquire the knowledge to develop an impact-centric funding strategy
- understand the entire investment process, including techniques used for due diligence, closing and structuring of deals, governance aspects of a venture philanthropy organisation, how to manage an impactful exit and portfolio management
- discover real-life case studies from experienced investors for impact from all over Europe
- learn how to build your own theory of change as an investor for impact.

The learning trajectory for the course is split into several stages:

On the next page you will also find an outline of the different live sessions and their content.

¹ Please note that this agenda is subject to change. Participants receive a final, detailed agenda after approval of registration.
